

The Dietitians Association of Australia  
 Rehabilitation & Aged Care National Interest Group – Victorian Chapter, in association with  
 DAA Vic Branch presents:

## Identifying Nutrition Risk... then what? Perspectives across the care continuum

The Dietitians Association of Australia Rehabilitation and Aged Care National Interest Group, Vic Chapter, invite you to be part of this fantastic “Identifying Nutrition Risk...then what? Perspectives across the care continuum.” This full day event provides you with an opportunity to update your knowledge in the exciting areas of Nutrition Risk Screening and practical nutrition interventions in the different care settings. Morning tea and lunch will provide an opportunity for attendees to visit trade and resource displays and network with colleagues.
