

Acknowledgments

The revised publication of this manual is the result of collaborative work undertaken by many people. The manual was first published in 1994 as a result of a project undertaken by Susan Ash working with members of the then DAA Education and Accreditation Committee, members of DAA, and staff of the universities with education programs in dietetics who reviewed and commented on drafts of the manual. The revised publication of this manual is the result of work undertaken primarily by the DAA Dietetics Standards and Accreditation Advisory Committee (DSAAC) during 2004 -2005.

Thanks are extended to the current members of the DSAAC.
